What is it?

The WiM VA Leadership Conference is a purpose-driven, progress-focused gathering powered by women in manufacturing. At this premier full-day event you will experience a powerful lineup of keynote speakers, engaging professional development sessions, and meaningful networking opportunities that will elevate your leadership journey.

Why attend?

- **10 hours of professional development in one day** – Gain practical leadership and career development insights you can immediately apply in the workplace.
- **Learn from dynamic keynote speakers and industry leaders** – Hear real stories of resilience, leadership, and success from women shaping the manufacturing industry.
- **Customize your learning experience** – Choose the breakout sessions that best match your interests and career goals, allowing you to focus on the topics most relevant to you.
- **Engage in meaningful small-group discussions** – Participate in interactive sessions designed to encourage conversation, idea sharing, and problem-solving with peers in manufacturing.
- **Expand your professional network across Virginia's manufacturing community** – Connect with women from across the Commonwealth and build relationships that can support your career growth.
- **Discover new tools and strategies for leadership success** – Walk away with actionable techniques for leadership development, communication, and self-advocacy in the workplace.
- **Connect with recognized industry experts at the trade show** – Engage directly with companies and organizations that support the manufacturing sector.
- **Bring back ideas that benefit your company** – Apply new leadership strategies, industry insights, and professional connections to strengthen your team and organization.

Convince the Boss

"I am requesting approval to attend the WiM VA Leadership Conference, which delivers ten hours of focused professional development in one day. The conference provides practical leadership strategies I can apply immediately, including improving team communication, strengthening people management skills, and supporting safer, more productive manufacturing operations. I will bring back tools and insights that directly benefit our team and organization."

"I feel the event continues to improve each year. You consistently bring in inspiring speakers who not only motivate, but also deliver relevant, industry-specific content that we can apply in practical ways within our workplace."
